YUKO HIGHGEAR (SAE 90, GL-4)

Print

GEAR OIL.

ENABLED PACKING

Canister 4L Barrel 200L

Description

High quality transmission gear oil for passenger and commercial vehicle's mechanical transmissions. Ensures outstanding shear stability according to GL-4 standard.

BENEFITS

- It provides soft shifting and noiseless transmission work;
- Good protection for engine parts against corrosion and deposits;
- Extends the service life of gearbox parts.

Temperature range

Compliance

SAE 90

API GL-4

Typical characteristics

Kinematic viscosity at 100°C, mm²/s 17.1

Flash point, °C 245

Density at 20°C, kg/m³ 914
