

Wall Protector

Chevron wall protector

Protect your walls from vehicle impacts with our chevron wall protectors. Made from high impact, heavy duty rubber, these wall protectors are able to withstand impacts from cars, trolleys, and forklifts without sustaining damage themselves. The reflective black and yellow strip increases visibility, making the wall protectors effective in low light environments. Easy to install with pre-drilled holes, the wall protectors can be used for both permanent and temporary installations. Long-lasting and maintenance-free, they are a cost-efficient solution for protecting your walls. Shop now for effective protection against vehicle impacts.

Product Features:

- Manufactured from high impact, heavy duty rubber
- Contrasting reflective black and yellow colours make for excellent visibility, even in dark/poorly lit areas
- Very easy to install with pre drilled holes
- Can be used for permanent or temporary installations
- Long lasting and cost efficient
- Maintenance free
