

## Ball-Fence Swing Gate

### A self closing gate system designed to complement the Ball-Fence range

A robust self closing industrial swing gate system that can be supplied with new Ball-fence installations or retrofitted to existing Ball-fence sites. Ball-Fence Gates can be installed in minutes for left or right hand operation, opening inwards or outwards. With adjustable hoop length it ensures total flexibility of use.

Ball-Fence Gates come complete with a standard powder coated aluminium tubular hoop (42.4mm dia.) to suit a maximum 1750mm\* opening for single gates. Hoops can be simply cut down to any length and fitted into the receiver tubes on the gate assembly.

\*To fit into a Max Opening of 1750mm (Leaving clear opening of approx: 1630mm when gate is open). To fit into a Min Opening of 600mm (Leaving clear opening of approx: 480mm when gate is open)

#### Product Features:

- The powder coated aluminium hoop is adjustable for gate opening width.
- Push/Pull handle with adhesive stickers to indicate direction of swing.
- Striker plate provides positive close and eliminates wrong way push through.
- Moulded plastic housing cover with built-in hazard panel.
- Fully adjustable hydraulic closer provides smooth/speed controlled closure.
- Built-in stainless steel stop pins and hold open feature.
- Axles run on four sealed stainless steel bearings top and bottom for a smooth trouble free operation.
- Precision cast aluminium construction reduces weight and increases working life. Designed for mounting to any round, flat or square surface.
- Stainless Steel Bearing Hinges top and bottom for trouble free operation

Part Numbers

Code	Image	Product Name
BFGHAN-P		Ball Fence Gate Handle - Plastic
BFGPWB-SM		Ball Fence Gate Post For W-Beam Surface Mounted - Galvanised
BFSG		Ball Fence Swing Gate
BFSGDB		Ball Fence Swing Gate Drop Bolt
BFSGP90SM-G		Ball Fence Swing Gate Post 90 x 1000mm - Galvanised
BFSGP90SM		Ball Fence Swing Gate Post 90 x 1000mm - Galvanised and Powder Coated

Fixings

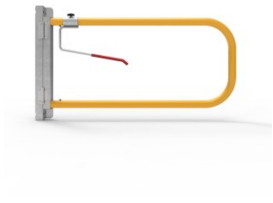

Code	Image	Product Name
KIT23		Fixing Kit for Gate to Post - suits up to 63mm Diameter Post
KIT24		Fixing Kit for Gate to Post - suits up to 90mm Diameter Post

Description:	Ball-Fence Swing Gate
Dimensions:	1813mm x 100mm x 505mm
Standard Rail length:	1500mm
MAX Recommended Rail Length:	2500mm
MIN Recommended Rail Length:	420mm
Clear opening INCLUDES Base Plates:	1630mm
Clear opening EXCLUDES Base Plates:	1750mm
Floor to top of rail:	REC 1040mm
