

Bike Rail – Style 2 316 Stainless Steel

Product Features:

- Accommodates two full sized bicycles
- Wheel and frame can be secured at the same time
- 316 stainless steel is weather-proof
- Surface mount or in-ground installations
- Suitable for indoor and outdoor applications

One-piece steel bike rail or hand rail

A sturdy bike rail manufactured from marine grade 316 stainless steel and designed to accommodate two full size bicycles with the ability to lock both wheels and the frame for total security. Available with fully welded base plates for surface mounting, or extended legs with starter bars for setting into a concrete footing. Can be used indoors or out.

Not sure on the standards when installing bike rails? Check out our layout guide for recommendations based on existing Australian Standards.
