Displaying Trackers

Now that you have a tracker with several items, let's view the information. You can **list** all of the items in the tracker, or **view** individual items.

**NOTE**

As the administrator, you have permission to list and view items to any tracker. If you want other users (such as Anonymous or Registered users) to see the information, you must assign the `tiki_p_view_trackers` and `tiki_p_list_trackers` permission to the group.

Refer to the Configuring Group Permissions section, for details.
