Displaying and Editing Tracker Items

1. Select **Trackers > List trackers** from the Menu module. The Trackers page lists your **Website Visitor information** tracker.

   ![Trackers page]

2. Click the **Website Visitor Information** tracker. The Tracker: Website Visitor Information page appears.

   - **TIP**
     
     You can also select **Actions > View**.

   Tiki displays the items in tracker.

   ![Website visitor information]

   Tiki lists only the fields that you indicated (by enabling the **Is column visible...** option when you created the tracker field). Notice that the **Mailing Address** field is not listed.

3. Click the **Your name** field of the first tracker item.

   - **NOTE**
     
     The field is "clickable" because you enabled the **Title** option when creating the tracker field.

   Tiki reloads the pages; displaying only the selected tracker item.

   ![John Doe]

4. Click **Edit** to change the information for this tracker.

   or

   Click **Items** to return to the list of all items in the tracker and select a different tracker item.

In addition to using the Trackers page to display tracker items, you can display trackers items in wiki pages.
