Entering Tracker Items

You now have an empty tracker, configured with 7 fields. Let's add the first item (that is, *populate*) the tracker.

**NOTE**

As the administrator, you have permission to add items to any tracker. If you want other users (such as Anonymous or Registered users) to complete the Visitor Information form, you must assign the `tiki_p_create_tracker_items` permission to the group.

Refer to the Configuring Group Permissions section, for details.

| There are two methods of adding items to trackers: |
|---------------|--------------------------------------------------|
| * Using the Tracker Page |
| * Using Tracker Forms |
